Dan,

Let me have Javier Solis look into the installation. We do you have systems at other parks. Every system is unique to the site. Javier will talk to staff and see what is best for this. We will also need to identify funding.

Hi Kevin,

Hope all is well!! A constituent whose family uses Yucca Rec Center called us asking about the possibility of a security camera being installed at the facility.

Do other similar RAP facilities have security camera features? Would there be a possibility of one at this location?

Hope everything is great... Thanks as always!
